COURSE SPECIFICS

OBJECTIVES	<ul style="list-style-type: none"> - To review and analyse the main threats to international peace and security; contexts in which conflicts arise; key actors; and their impact on civilians. - To explore the mechanisms of international organizations for the prevention, management and resolution of conflicts as well as for the protection of civilians. - To strengthen the capacity and confidence of participants to cope with and work in hostile environments.
TEACHING STAFF	<p>The teaching staff are trainers and experts from international organizations, including the UN, OSCE and NATO; diplomats and civil servants; military personnel; police officers; experts from the ICRC and humanitarian NGOs; independent consultants; and university professors.</p>
METHODOLOGY	<p>The course uses a variety of methodologies, including lectures and presentations, debates, group work, practical and advanced role-playing sessions, outdoor activities and simulation exercises.</p>
HEAT COURSE	<p>As part of the REACT course, students will benefit from the program <i>Hostile Environment Awareness Training (HEAT)</i>. An intensive 40-hour course that aims at training professionals to effectively deal with multiple threats present in hostile field environments.</p> <p>HEAT is expected to improve participants' understanding of the behavioural field requirements while working as a team member of an international field operation irrespective of their national or professional background.</p> <p>This training programme is certified by <i>ENTRi</i> (Europe's New training Initiative for Civilian Crisis Management) and conducted by the <i>Guardia Civil</i> at its Centre for Special Training in Logroño.</p>
DIPLOMA	<p>Participants who successfully complete the course will obtain a diploma from Helsinki España in cooperation with the <i>Escuela de Organización Industrial (EOI)</i>.</p> <p>Participants will also obtain a <i>Hostile Environment Awareness Training Certificate</i> from the Guardia Civil.</p>
